

“Dust-free” Violations

East Baton Rouge Parish Ordinance 12715, Item (22)

The city-parish ordinance in question is Ordinance 12715, Item (22) which states, in part . . . No person shall stop, stand or park a vehicle . . . in any of the following places: 1 thru 21, with 22 being . . . “on the grass in the front yard between the front of the residence and the street of any lot in the A1, A2, A2.5, A3 or A4 districts and in recognized subdivisions in the rural district.”

I want to let all know that Councilman Walker is the only councilmember who did not vote in favor of this ordinance.

I have been advised by Captain Bourgeois that officers may be issuing tickets for “Dust-free” violations on a consistent basis; therefore, it might be a good idea for the SFCA to advise as many of your residents as possible who may not know about the ordinance.

Should anyone care to contact this council office about the ordinance, they may certainly do so by calling [272-9088](tel:272-9088).

Zona Pickens, (District 8)
